

Subhash Chandra

Front End Developer | React-Native Developer

Pursuing bachelor's degree recipient with a background in web design and development. A passionate developer, always keen to learn new things in a fast and precise manner. Have worked with a startup company [Techlious Network](#) as front end React developer. Having 6 months of development experience.

Education :

Bachelor's in Computer Science : July 2018 to Present
Lovely Professional University - Phagwara, Punjab **CGPA : 8.23**

Projects

➤ **Techlious LMS : 2021**

Worked with team of 2 developers and build an online learning platform. This application has build with React/NextJS as front-end frameworks.

[Techlious LMS](#)

➤ **Tattoo App - December 2020 - 2021**

Working with **Techlious Network** as Front end Developer, Created Tattoo CRM client using ReactJS. Created most of the UI components.

[CRM : Tatto Owner Management](#)

➤ **ScFy Music Web-App - 2020**

This is a music playlist app, got inspiration from Spotify, I created Spotify type music application using HTML,CSS,Javascript.

This project was my own choice for the course assignment. Got 100% score in evaluation.

[ScFy - music app](#)

➤ **Corpbeats School Management System- 2020**

Worked with a start-up company, School Management system to manage all the school work at single point. Using Laravel - PHP.

[Corpbeats School Management](#)

➤ **Linux Command Finder with React JS - 2019**

Created a Llinux command finder web-application. Here one can find any Linux command and about the options available(most used) with that command.

[Linux-command-finder](#)

[More projects on my github](#)

Certificates

Full stack web development : **Udemy - 2019**

AWS Fundamentals : **Coursera - 2019**

DSA self placed : GeeksForGeeks - **2020 (Solved 450+ problems)**

I always believed that knowledge matters more than certificates, so never tried to get much certificates but learned a lot from people and free resources available on the internet.
